

CORPORATE PROFILE

RC: 1242021
HONATRIX
NIG. LTD

ABOUT US

Our organization, Honatrix Nig Ltd commenced operation in June 2016. It was registered with the Corporate Affairs Commission with certificate number RC 1242021 dated 12 February 2015. Honatrix Nig. Ltd. is a real Estate Development Company, established to carry on the business of general contracts, civil engineering and building construction, and investment in real estate.

VISION/MISSION STATEMENT

To contribute our own quota to the infrastructural and technological development to four great country, Nigeria.

OUR CORE VALUES

At Honatrix Nig. Ltd, we guarantee new age project delivery. We maintain the balance between COST, QUALITY AND TIME.

We ensure high standards by adhering strictly to project design specifications and at the same time meeting up with our clients' expectation.

Ajumuka Henry

Henry is the managing partner and also a versatile Civil Engineer in the outfit. He holds a Bachelor's degree in Civil Engineering (B.Eng), from the University of Benin, Benin City and has various certifications in project management and occupational health and safety. He has been very active in the civil engineering construction industry and building technology, with specialty in real estate development. He started his career in 2010 with Extreme Engineering Ltd (NDDC Contractors) as an IT staff. He has worked in the property department of Jubilee Mortgage Bank, Port Harcourt branch where he participated in the development of Whispering Palms Estate and Glory Land Estate. He has participated in the development of residential properties in Lagos while working as resident engineer with Tripple A Consults. He later joined CFL Group also in Lagos as a project engineer, where he managed the construction of shopping plaza/malls on Lagos mainland and Lekki area of Lagos state.

OUTTEAM

Engr. Patricia Asemota

As a director at Honatrix Nigeria Limited, **Engr. Patricia Asemota** plays a pivotal role in shaping sustainable practices and fostering resilience within our projects. With over a decade of experience in Civil and Environmental Engineering, **Patricia** embarked on her journey as a Project Engineer at The Architectural Balance Associates and Specks Project Nigeria Ltd. Over time, she ascended to the position of Senior Engineer in the Physical Planning Division at the University of Benin.

Patricia's academic background, which includes a degree in Civil Engineering and a Master's in Water Resources and Environmental Health Engineering, equips her with a comprehensive understanding of sustainable practices crucial for mitigating the impacts of climate change. Her expertise lies at the intersection of construction and environmental sustainability, where she excels in optimizing energy efficiency and promoting occupant health through innovative building envelope advancements.

In recent years, **Patricia** has shifted her focus toward team development, ensuring the company's sustained operations and providing solutions for sustainable real estate development. She seamlessly integrates climate change resilience strategies into construction management, ensuring that buildings not only meet sustainability standards but also remain robust in the face of environmental challenges.

Beyond her professional endeavors, **Patricia** enjoys traveling, biking, watching movies, networking, and mentoring students and graduates. Her commitment to fostering a community of informed and skilled sustainable engineering professionals is truly commendable.
